

Seaport Next Generation (NxG)

IDIQ Contract No. N0017825D7040

About Seaport-NxG

The SeaPort-NxG contract vehicle is a Multiple-Award task order contract utilized by the U.S. Navy and its authorized users for contracting Professional Support Services.

Those users include: Naval Sea Systems Command (NAVSEA), Naval Air Systems Command (NAVAIR), Naval Information Warfare Systems Command (NAVWAR), Naval Supply Systems Command (NAVSUP), Military Sealift Command, Naval Facilities Engineering Command (NAVFAC), Office of Naval Research and the US Marine Corps.

Scope of Services

Under this contract, AFG provides a wide range of services, including:

- **Engineering Services:** Supporting research & development of new & existing Naval capabilities, integrating & interfacing existing equipment, and addressing environmental engineering needs for U.S. Navy weapon systems & infrastructure.
- **Program Management Services:** Offering expertise in financial analysis, QA, programmatic administrative support, professional training, logistics, configuration management, and information technology services.

AFG is dedicated to delivering excellence and continuing the trust placed in the firm by our clients and partners. Equipped with quality control processes and procedures that will reduce program management risks, AFG is well-positioned to significantly contribute to the Navy's mission across its ordering activities.

Period of Performance
